**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claim 20 is rejected under 35 U.S.C. 102(b) as being anticipated by Hembree et al Patent No. 6,060,891.

Hembree et al (891) (see Fig. 4 - 5) disclose a method of testing a device, comprising the step of:

electrically connecting electrode pads (contact member 20) of a device testing contactor (probe card 10) to electrodes (contact locations 15) of a device being tested (semiconductor dice 14);

the electrode pads (contact member 20) being formed on a membrane-type flexible wiring board (16) of the device testing contactor (probe card 10), and being reinforced by a reinforcing member (compressible member 28) (see Col. 6, lines 50-52), and

the device testing contactor (probe card 10) comprising the wiring board (16) and the reinforcing member (28) collectively molded and bonded to each other (see Fig. 5 and Col. 6, lines 57-68).

Therefore, Hembree et al (891) anticipate the claimed invention.

***Response to Arguments***

Applicant's arguments with respect to claim 20 have been considered but are moot in view of the new ground(s) of rejection.

***Response to Amendment***

Art Unit: 2829

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
